ACDEH Staff present – Teena Whitmer, Dilan Roe, Natali Colom
SCAC Members present – Connie De Grange, Rosemary Chang
Other Staff present – Norm Hantzsche (Questa Engineering)

Connie provided a brief recap of last meeting. On March 29th, Norm, Dilan, and Connie walked the Sunol Depot Garden park area to assess the area as an option for a community septic system site for downtown Sunol. Tom Harland of Friends of the Park discusses the Sunol Dept Garden and reads a letter addressed to Dilan on behalf of Friends of the Park.

2. Questa

- a. **Provide update on conceptual community wastewater plan for downtown Sunol** – Norm discusses conceptual plan for downtown Sunol. The capacity could serve the commercial district, 30-50 residences, elementary school, and new public restroom at train depot. Additional leachfield, potential additional dispersal area by Depot Park and Train Station parcel, potential new public restroom at train depot, and proposed treatment and dispersal site are discussed. Norm also talks about the existing Bosco pipeline, creek crossing, and leachfield areas being integrated into the community system. A proposed secondary treatment system is also discussed. Maintenance and management will be responsible by zone/district of system.
